Project Development Phase

Date	03 November 2023
Team ID	NM2023TMID02781
Project Name	Creating Blog using WordPress

Following are the requirements of the proposed solution.

FR No.	Non-Functional Requirement	Description
NFR-1	**Usability**	The blog should be user-friendly and easy to use, with clear and simple instructions.
NFR-2	**Security**	The system should protect the privacy of users and their data and ensure that the comments and user profile data is secure and protected from unauthorized access.
NFR-3	**Reliability**	The system should be reliable and operate continuously without failures or downtime.
NFR-4	**Performance**	The system should be scalable and able to handle a large number of users and devices.
NFR-5	**Availability**	It is an open source platform, thus available all the time without any cost for usage.
